Heth and Alex,

Please see the email below. We need to correct the sample volumes for standard temperature and pressure. Do we have the actual temperatures and pressures from the time of sample collection?

Kristie

Hi Kristie,

I received the data you sent for my review and I thank you. I will need additional information in order to complete by data review, please send me the locations information (i.e. the information NMED/RCB provided to EPA), (e.g. Santa Clara Pueblo, Lookout), and the air volume corrected (STP) in cubic meters for each location. Thank you in advance for the information requested.

Mike,

Here is a dataset that has been reviewed by Rick Haaker. If you have any questions or request any revisions, please let us know. As soon as you have reviewed and concur with the data review, I will load the data into Scribe.Net.
